## PREMIUM SOUND QUALITY

- Lightweight graphine-coated micro drivers for accuracy and clarity
- Small, but powerful magnets for low-frequency extension and control
- Machined aluminum housing and aluminum base reduces vibration for superb clarity
- Deep, taut bass and clear mid-range for beautiful vocal reproduction
- Gold-plated stereo mini-plug connection preserves signal integrity

## DESIGN FEATURES

- In-Line mic with control for calls and music
- Remote-control signal works with most smartphones
- Headphones cable can hang straight or be placed over-ear
- Lightweight precision cut aluminum body
- Available in five attractive color variations
