## BDR-208DBK BD/DVD/CD WRITER

### PRODUCT OVERVIEW

Pioneer brings you the **world's first 15x internal BD/DVD/CD burner**. The BDR-208DBK is the fastest drives in the market to date. The BDR-208DBK writer allows users to watch standard and 3D Blu-ray Disc titles and author high-definition Blu-ray Disc content, while also delivering the ability for high-capacity data storage (software sold separately). The BDR-208DBK can read BD-ROM discs, read/write to single, and dual layer BD-R discs, and is backward compatible to read and write to DVD and CD formats.

**QuickPlay:** Decreases the waiting time between inserting a disc and that disc being ready. For movies on DVD and Blu-ray, the disc is ready faster when compared to the BDR-207DBK.

**Wide media support:** Pioneer's engineering principle is to strive for best-in-class performance over a wide range of media.

**Noise suppression:** The tray cushion and the top cover of the BDR-208DBK have been improved to reduce disc rotation noise.

**Anti-dust:** The sound barrier design that traps noise inside also works to keep dust outside.

**Precision writing:** The top chassis makes air flow caused by the high speed disc rotation to press the disc just right to maximize disc stability.

- Up to **15x** maximum writing speed on BD-R media
- High Storage Capacity: 50 GB on BD-R DL media, 25 GB on BD-R media

## Specifications for the Pioneer BDR-208DBK BD/DVD/CD Writer

BD-R	Write	<b>15x</b>
	Read	<b>12x</b>
BD-R DL Dual Layer	Write	<b>14x</b>
	Read	8x
BD-R LTH Low to High	Write	<b>8x</b>
	Read	8x
BD-RE	Write	2x
	Read	10x
BD-RE DL Dual Layer	Write	2x
	Read	6x
BD-ROM	Read	<b>12x</b>
BD-ROM DL Dual Layer	Read	8x

DVD-R	Write	16x
	Read	16x
DVD-R DL Dual Layer	Write	8x
	Read	12x
DVD-RW	Write	6x
	Read	12x
DVD+R	Write	16x
	Read	16x
DVD+R DL Dual Layer	Write	8x
	Read	12x
DVD+RW	Write	8x
	Read	12x
DVD-RAM	Read	5x
DVD-ROM	Read	16x
DVD-ROM DL Dual Layer	Read	12x

CD-R	Write	40x
	Read	40x
CD-RW	Write	24x
	Read	24x
CD-ROM	Read	40x

- QuickPlay, noise suppression, anti dust, precision writing features
- Supports Buffer Underrun protection on Blu-ray Disc, DVD, and CD media
- Serial ATA Interface (Rev 2.6); Data transfer rate: 1.5 Gb/sec
- Buffer Memory Size: 4 MB
- Installs vertically or horizontally
- Complies to RoHS Directive and WEEE Directive
- Weight: 740g (1.63 pounds)
- Dimensions: 148mm (W) x 180mm (D) x 42.3mm (H)  
5.83" (W) x 7.09" (D) x 1.67" (H)
